

Access to our location has changed in recent times with Gardeners Road west now continuing as the M8 link to the M4 & M5.

The map above identifies 566 Gardeners Road and shows how to get to us from different directions after changes completed in mid 2020. Traffic from the east no longer has a right turning lane into the western end of Gardeners Rd and there is now a no right turn.

- Motorway **traffic from the west** can turn left into our estate at the Kent Road intersection.
- Traffic from the south** can go straight ahead from the left lane through this intersection to our estate.
- Traffic from the north** can turn right from Bourke Road to Coward Street and then follow the blue line into Kent Road and straight across the Gardeners Road / Kent Rd intersection, keeping to the left lane. Alternatively, northern traffic can turn right from Bourke Rd into Gardeners Rd, joining **traffic from the east** to the follow the orange line, making 3 left turns into Venice Street, Ricketty Street and Kent Road and then straight to our access road.

There is a huge number 566 at the front of our estate and arrow pointing to the entrance. Find us by going straight to the rear of the estate and turning left. Unit 52 is on the left.
